Forecast For Tayside, Central & Fife
Issued by Met Office Aberdeen
at 0400 on Thursday 02 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Mainly dry, bright and cold today.

Today:
Any wintry showers at first in the east soon dying out. Then all parts will have a dry and cold day with some sunny spells although clouding over this afternoon. Maximum temperature 3 deg C (37 deg F).

Tonight:
Patchy mostly light rain and hill snow will spread southeast overnight. Drier and clearer weather will spread from the west later along with a few icy patches. Minimum temperature 0 deg C (32 deg F).

Friday:
Most parts will have a dry, rather cold day with some good spells of sunshine. Rain and hill snow will spread east after dark. Maximum temperature 5 deg C (41 deg F).

Outlook for Saturday to Monday:
Cold with some showery rain and hill snow on Saturday. Dry with some sunshine on Sunday. Unsettled on Monday.
